Accredited Program Annual Report

This report is to provide a simple update on the status of the accredited program. This does not replace the more extensive re-accreditation application report, but is a basic update. Programs should have this information readily available so completion should be simple. This document will be beneficial to the program when completing the re-accreditation application every four years.

Accredited Program _____

Time period of report _____

(The program may designate its own reporting period to best correspond to its operations)

What is the number of new students accepted into the program? _____

What is the number of students currently actively pursuing certification? _____

What is the number of students who have completed training and received certification? _____

Please provide a **brief** narrative of any significant milestones or changes in the program or its operations.
